

## 2019 Partner Satisfaction Survey Results

This year we had 39 respondents to our survey. This is a slight decrease in the number of partners completing the survey in 2018.

### Who Responded

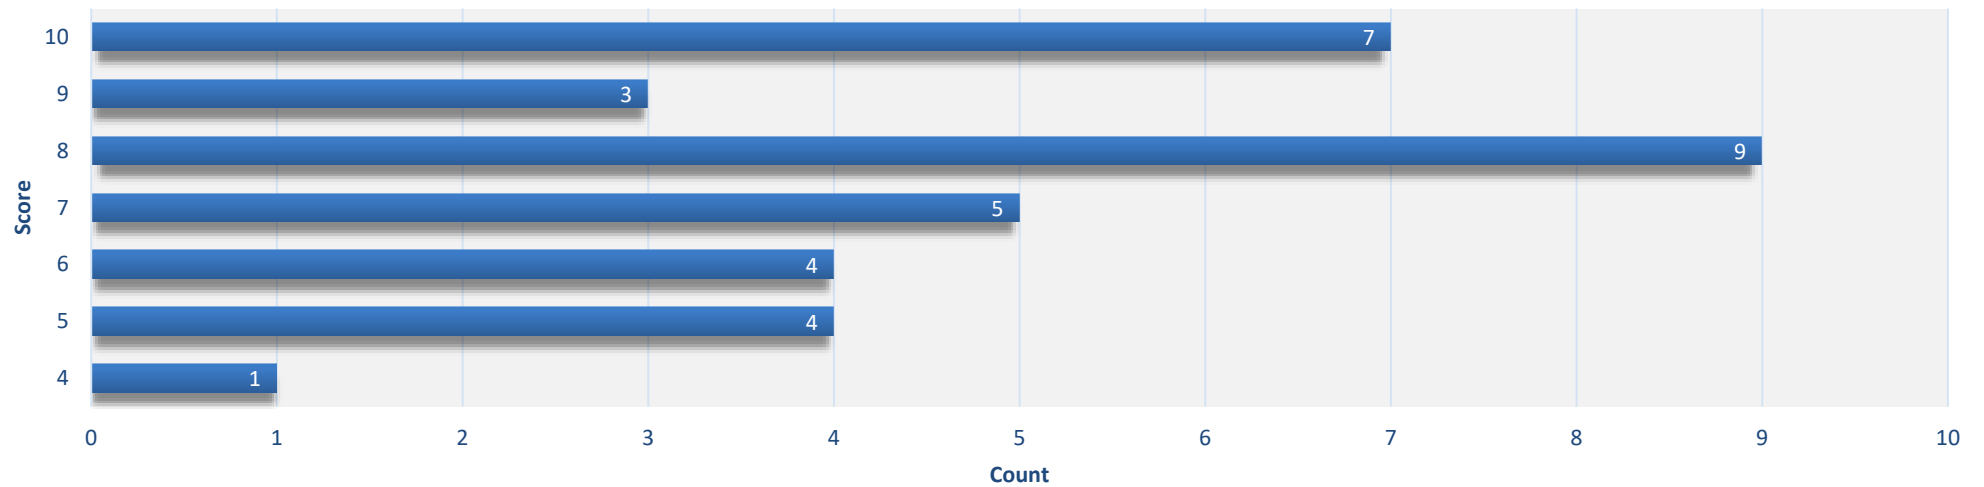

### Other contributors not listed

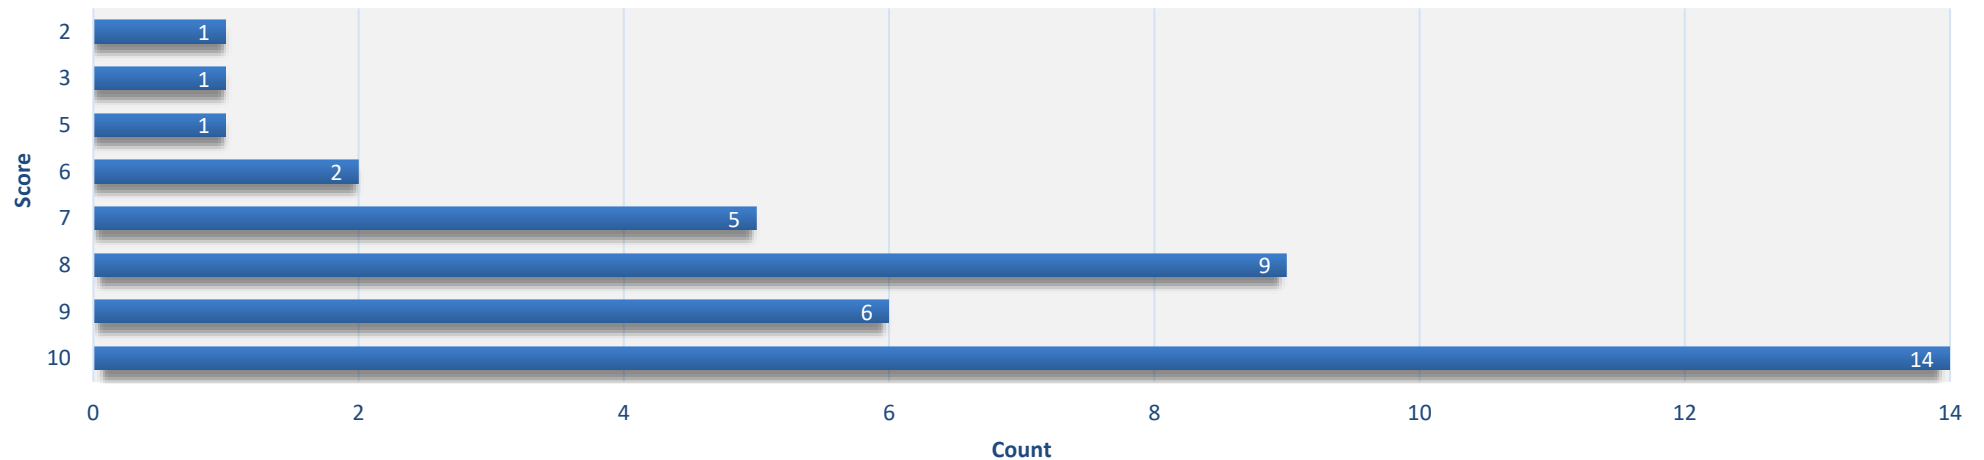

We asked about your experiences of working with Active Norfolk and asked you to score them 0 being low and 10 being high

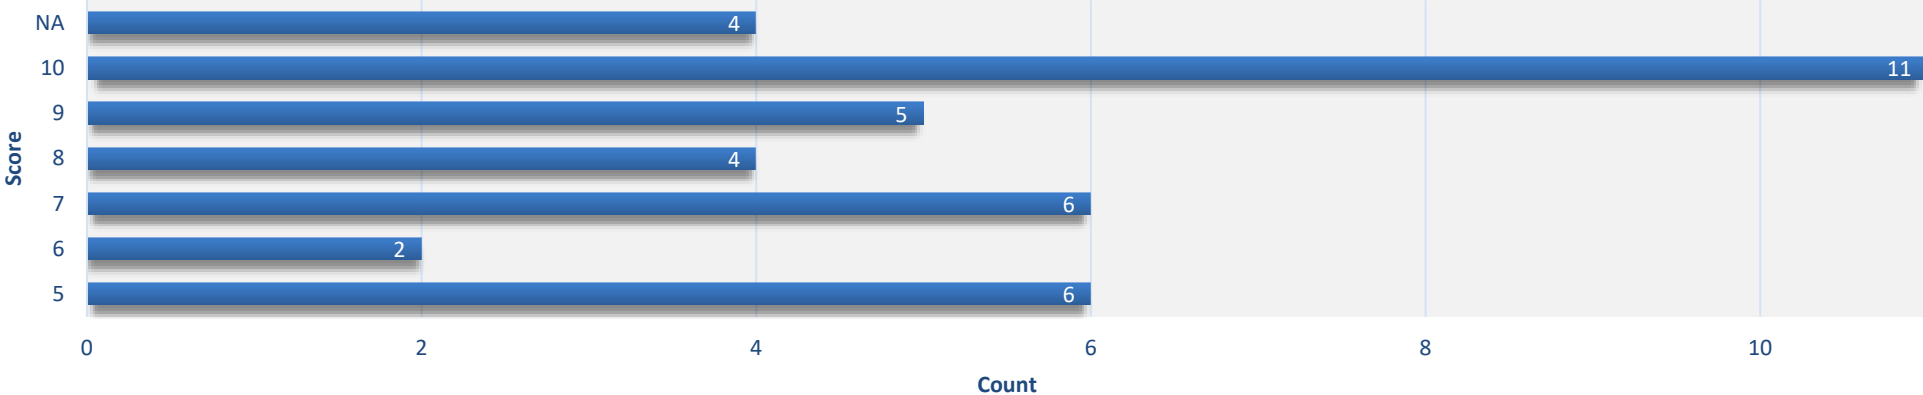

### How much is the Active Partnership influencing the way you work to help you embed physical activity in what you do?

### How likely is it that you would talk about the work you are doing together with the Active Partnership to other colleagues not directly involved in the work?

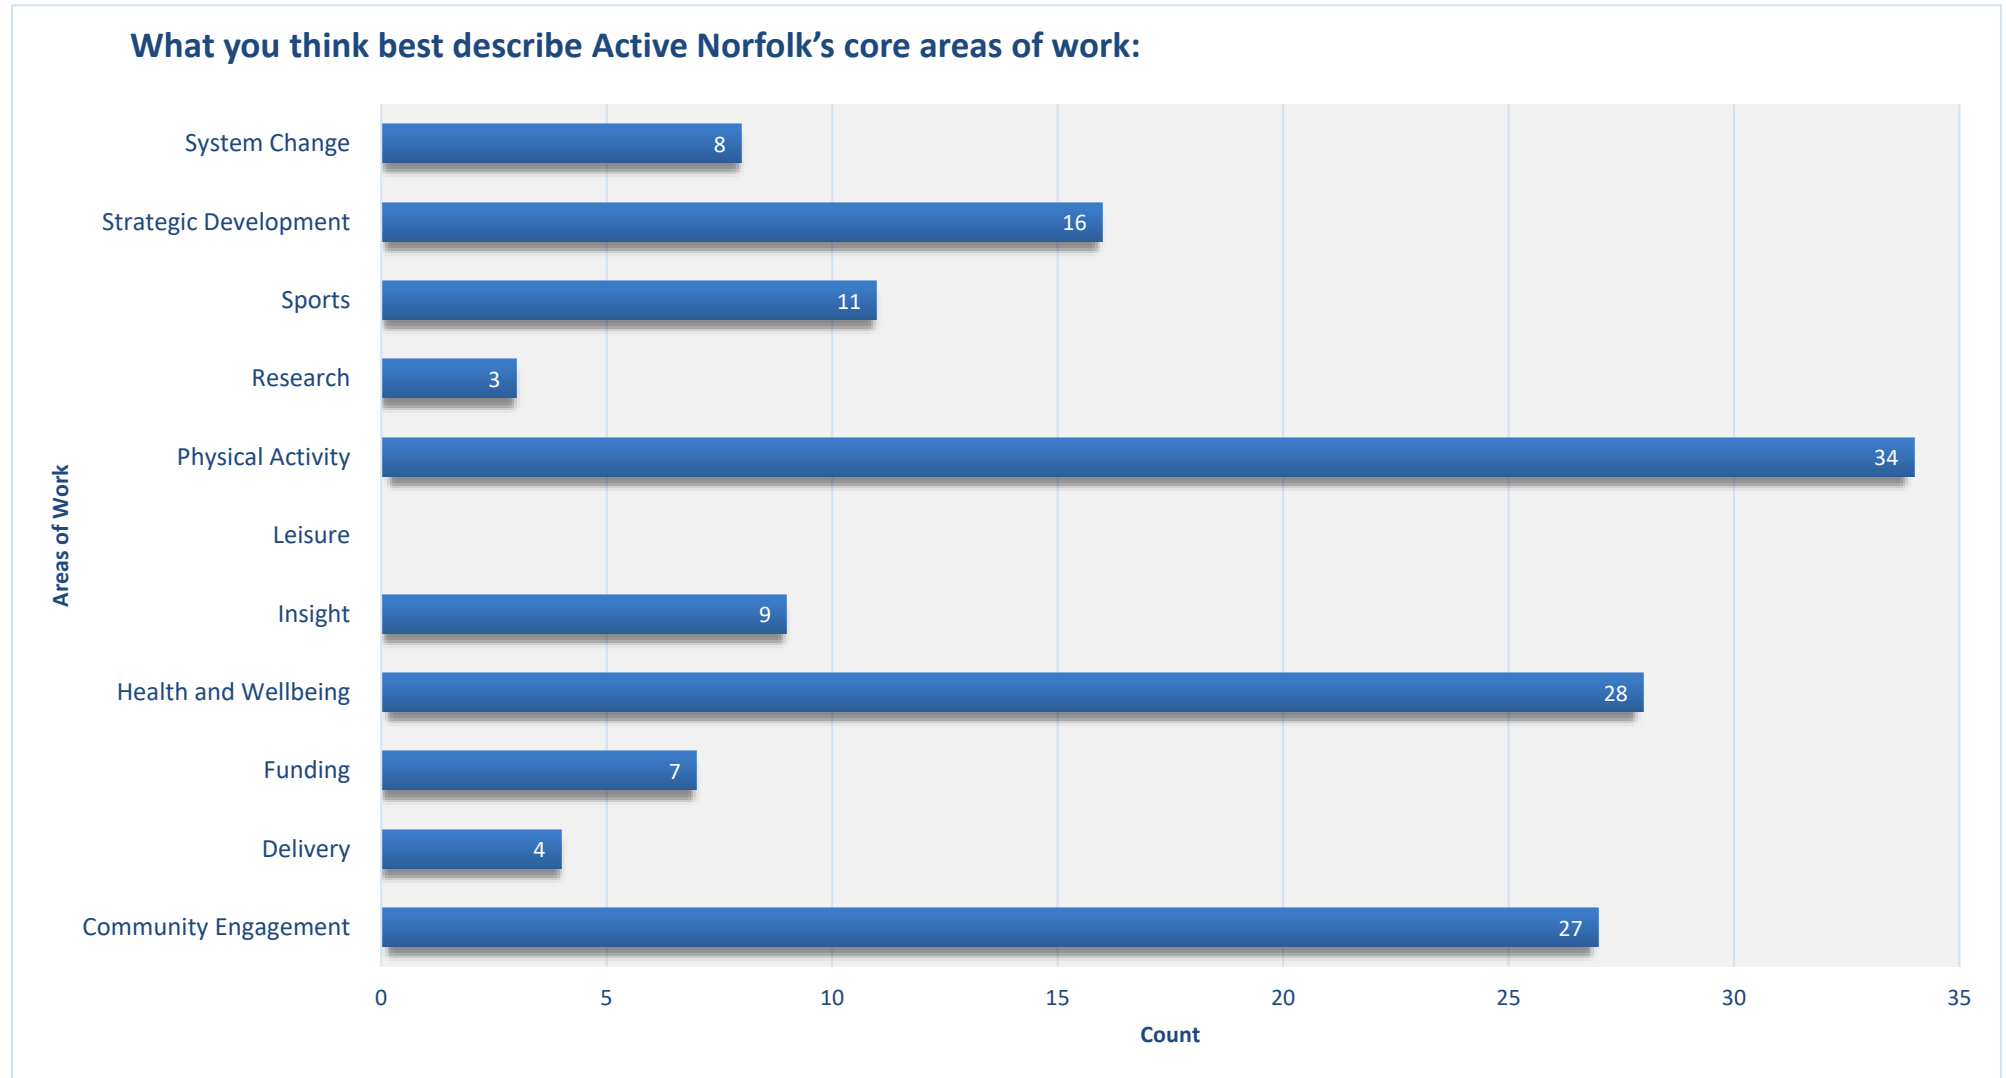

### How confident are you in embedding physical activity in your specific area of work as a result of working with Active Norfolk?

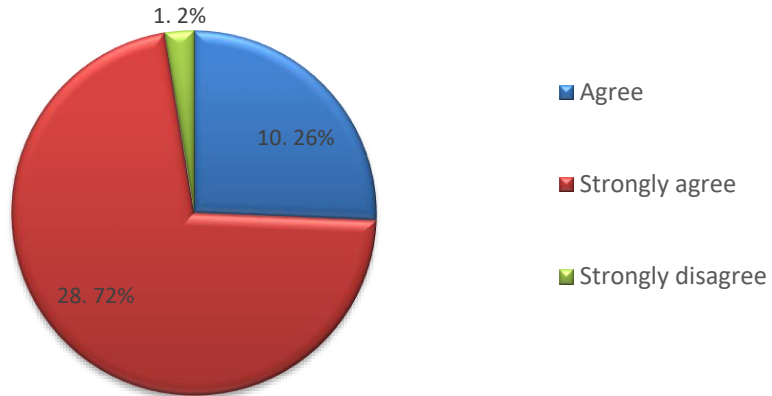

-

We asked you to choose 4 options which you think best describe Active Norfolk's core areas of work:  
No contributors selected Leisure.

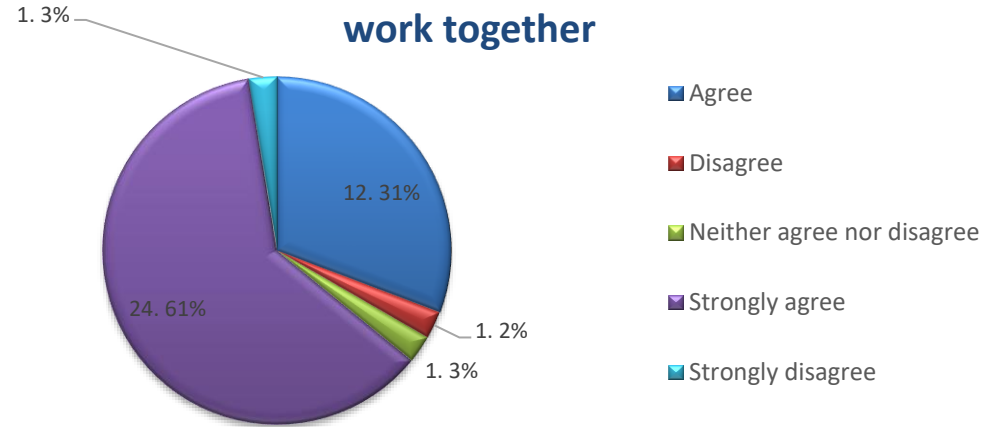

We asked to what extent do the following statements describe your work with the Active Partnership?

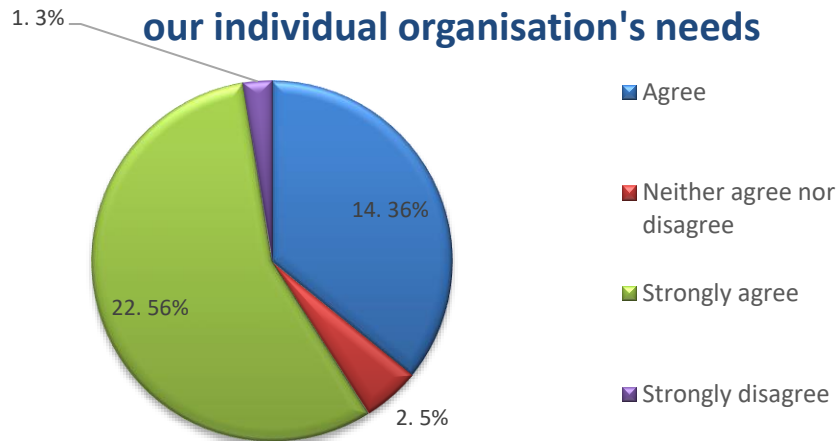

### There is trust and respect for each other?

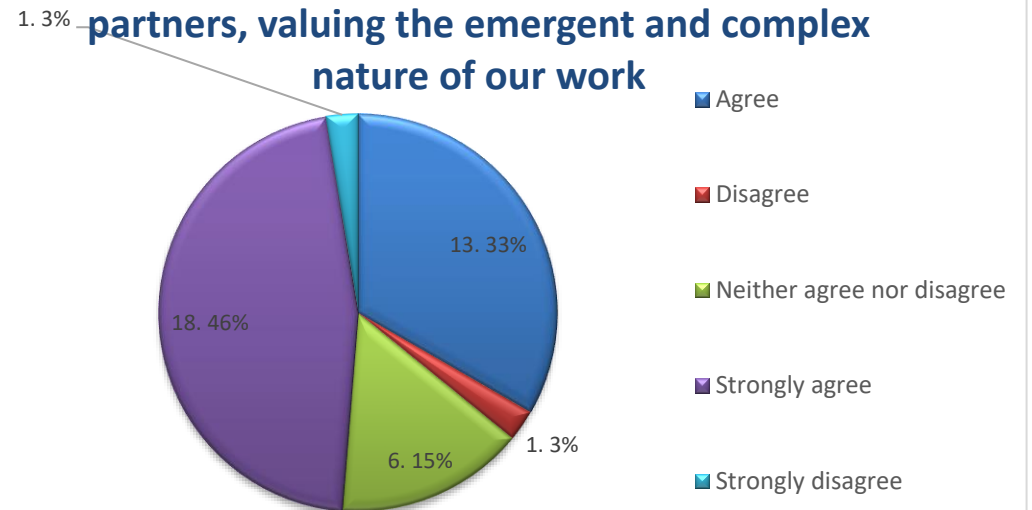

### We have a clear shared purpose for why we work together

### We collaborate around this shared purpose as our starting point, rather than our individual organisation's needs

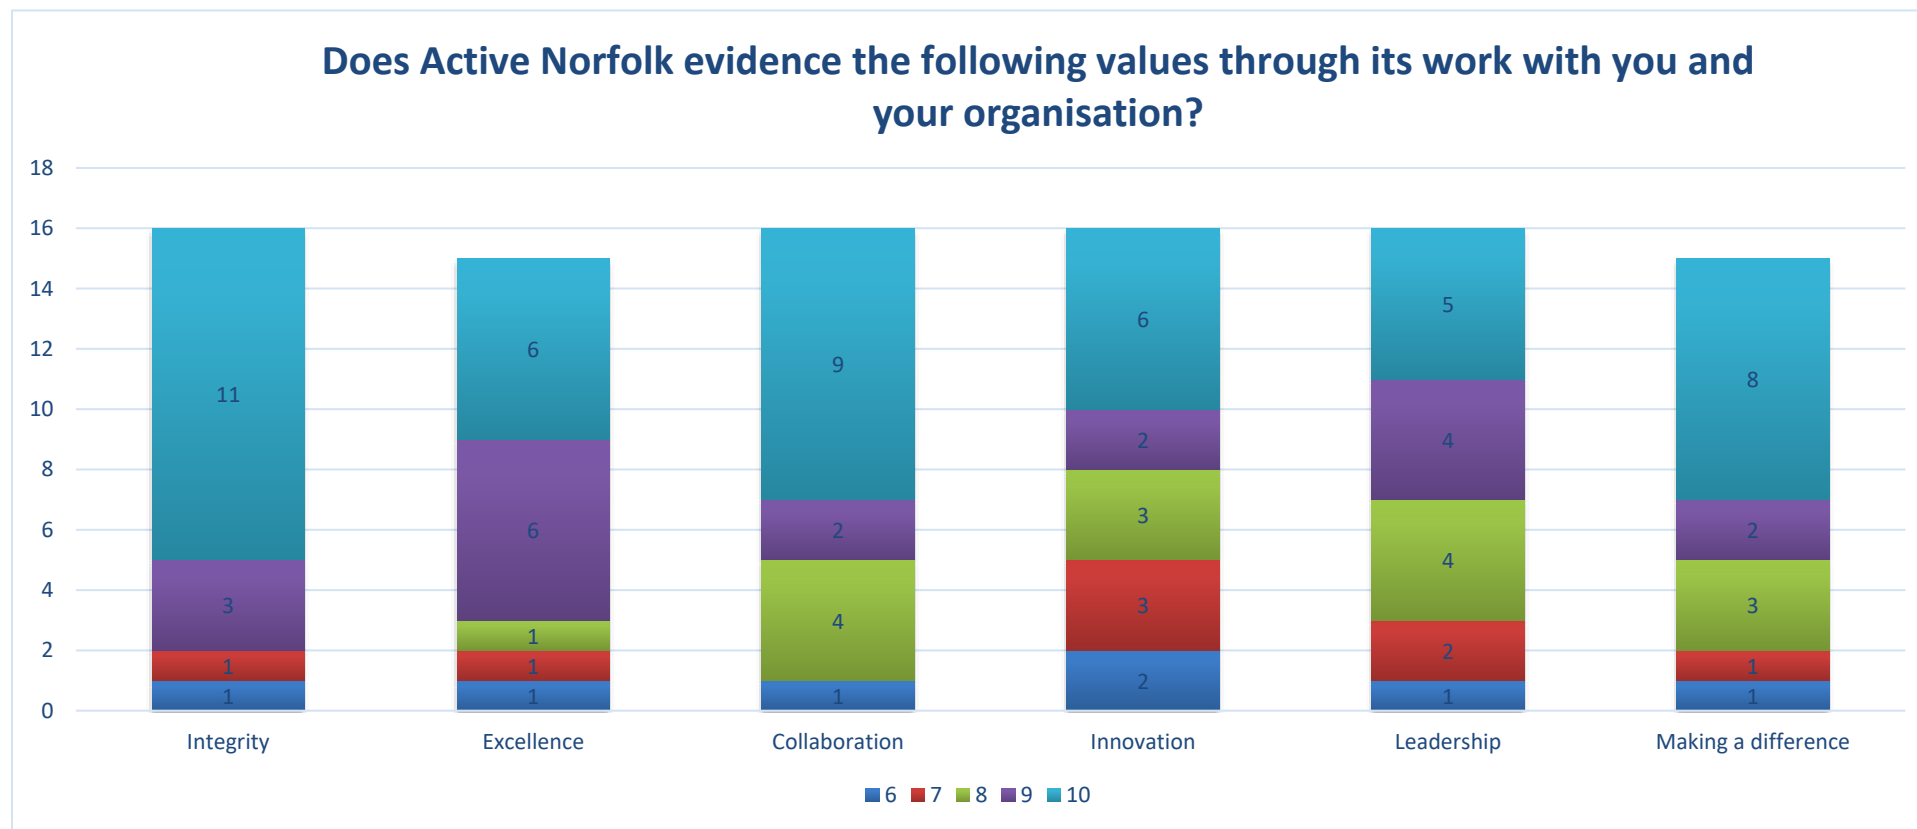

### We co-define outcomes and work as equal partners, valuing the emergent and complex nature of our work

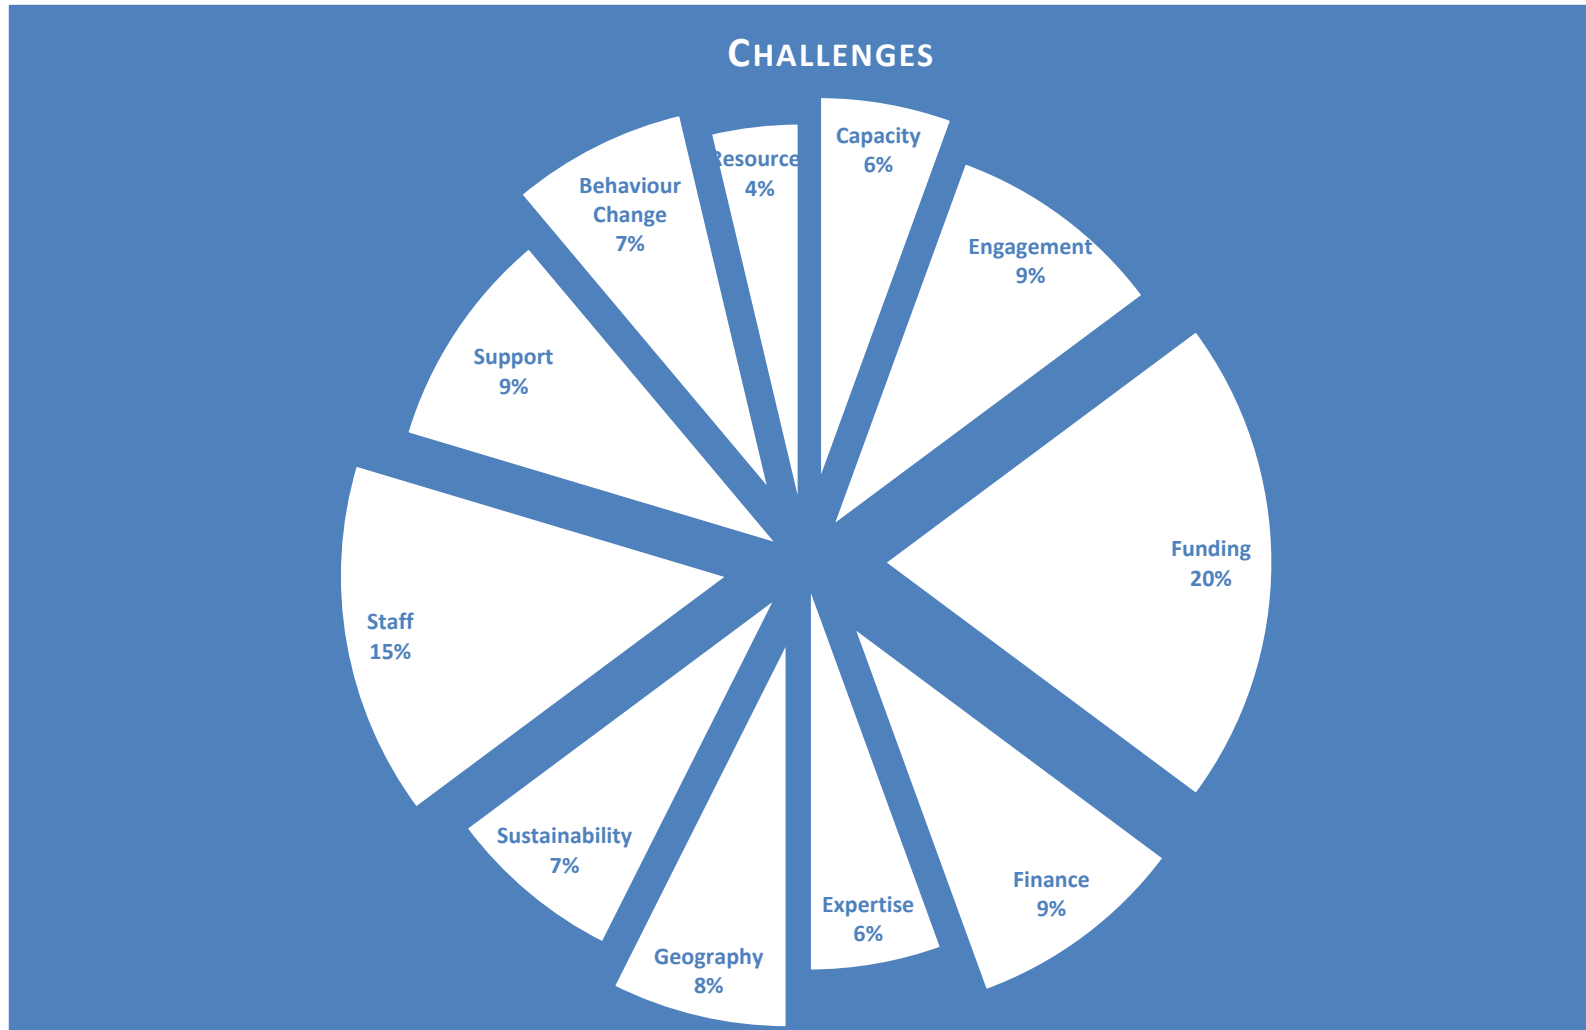

We asked your opinion about how clearly Active Norfolk evidence the following values through its work with you and your organisation?  
(where 1 = not at all clearly and 10 = very clearly)

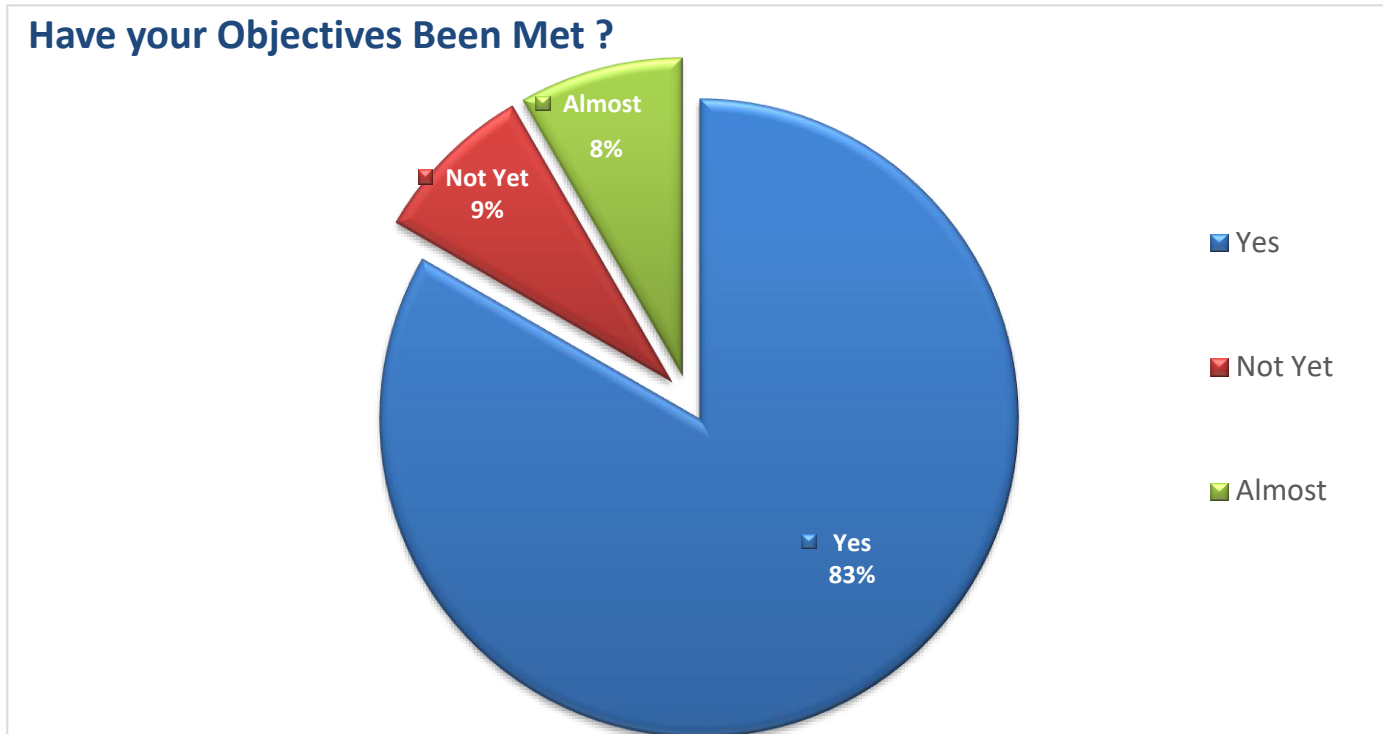

There were no ratings below 6.

We asked you to describe the top three challenges you or your organisation face when using physical activity for health and/or social outcomes. Here is a representation of the amount of times these words were used.

We asked you if working with Active Norfolk helped you meet any of your organisation's strategic objectives?

We asked you what you most valued about working with The Active Partnership, these were the words you used the most. (The larger the word the more often it was used.)
